

Votes To Spare As Bond Issue Given District Approval

Despite the storm and many clogged roads, voters in the Tahoe Forest Hospital District turned out in force Tuesday to approve the \$1,150,000 bond issue to provide expansion and modernization of the local hospital facilities.

A total of 964 votes were cast, with 722 being in favor of the bonds and 242 against, giving 79 votes more than the required two-thirds. Of the total vote, 643 were needed to assure passage of the bonds.

Every precinct gave a favorable majority, but only Truckee and Tahoe City provided the two-thirds.

The count by precincts was as follows:

Kings Beach—yes, 84; no, 83.
Tahoe City—yes, 285; no, 64.
Soda Springs—yes, 29; no, 24.
Truckee—yes, 324; no, 71.
The bonds will provide for tripling the present floor space of the hospital, giving 46 instead of 21 beds and will finance new surgery, maternity complex, enlarged x-ray and treatment facilities and bring the institution up to high standards for a fast growing community.

The total construction cost will be \$25,210, with the balance going for improvement of existing facilities, new equipment and other required costs.

Hearing On Rates Is Held At Tahoe

TAHOE CITY — Commissioner George Grover of the California Utilities Commission last Thursday heard testimony by officials of the Sierra Pacific Power Company and others relative to the company's application for rate changes for electric power in California.

The request, if approved following a study of the evidence, will mean a 7 per cent reduction in cost in the residential area and an increase of 6½ per cent in commercial rates. Fred L. Fletcher, president of Sierra Pacific, testified in behalf of his company.

The rate changes will effect areas in California from Portola to Tahoe, including Donner Lake. Fletcher said the changes would result in increases for some customers and savings for others, but that the overall change would not materially benefit the company.

Katherine Corona Expires In Nevada

TAHOE CITY — Last rites for one of Tahoe City's well known residents for the past 18 years were held at Mountain View cemetery in Reno Tuesday at 11 o'clock when Eastern Star services were conducted for Mrs. Katherine S. Corona, 72, who expired Saturday.

A native of Benicia, California, Mrs. Corona came to Tahoe City with her son, Oliver, postmaster here and up until a year ago made this her home. She had resided in Reno for the past year.

Due to storm conditions, Adah Chapter No. 4, O. E. S. of Reno conducted the rites for Truckee Chapter No. 116.

Mrs. Corona was a widow, her husband having expired many years ago. She had only the one son.

BURNING TRUCK IS THREAT TO GARAGE

A small truck which caught fire in Thornton's Garage on West Main Street for a time threatened the entire building, but was towed out in time to prevent extensive damage.

The department was called about 3 p. m. Tuesday in the midst of the snow storm and was, as usual, on the job in record time. Traffic on the thoroughfare was halted briefly because the flaming vehicle blocked the street.

CHURCH WOMEN TO HOLD DINNER HERE

Members of the Women's Society of Christian Service of the Church of the Mountains, are sponsoring a spaghetti dinner on Valentine's Day, February 14 at the church.

Dinner will be served between 6 and 7:30 p. m. and a charge of \$1.50 for adults and 75 cents for children under 12 will be made. All members are asked to contact Mary King, president, to obtain tickets to sell for the event.

A large turnout is desired and the sale of tickets early will make this possible.

DEPARTMENT CALLED

Members of the Truckee Volunteer Fire Department were called out Saturday morning at 1 o'clock when neon sign at Smart's caused alarm when a short occurred and flames were seen erupting from the huge sign over the building. A blizzard was blowing at the time but the department was on the job within minutes.

Bay Woman Dies As Car Plunges In Truckee River

One woman is dead and a second was hospitalized shortly before 8 p. m. Friday when their car left Highway 40 two miles east of Floriston and plunged into the Truckee river.

The dead woman was Julia B. Santmeyer, 29, whose body was recovered more than 50 yards down the river from where the car was discovered in four feet of icy water.

Her companion, Dawn May Snyder, 31, was taken to the Washoe Medical Center suffering from injuries and shock. State Patrolman William Gautsche, who made the investigation, said it was not immediately learned who was driving the vehicle.

It was indicated, he reported, the car was traveling at a high rate of speed when the driver lost control on a curve and the car plunged 35 feet into the water. Mrs. Snyder said she remembered loosening a seat belt and climbing out but did not immediately recall other details.

The body of Mrs. Santmeyer was taken to the Truckee Colonial Mortuary and was shipped to San Francisco where both women had been employed at the University of California Medical Center.

Schultz Will Not Be District Candidate

Fred Schultz of Tahoe Vista, for the past six years a director of the Truckee Tahoe Airport District and for three years prior to its formation active in promoting the facility, this week announced he will not be a candidate for reelection on March 24.

Five directors will be chosen at the scheduled election, the three receiving the highest number of votes to serve for four years and the other two for two years.

Nomination petitions must be filed with the district's manager, Andrew Creglow at Truckee between January 9 and 30 in order for names to appear on the ballots.

Schultz said his interests are now centered on his work in Incline Village, Nevada, and he will soon make that his home and will relinquish the directorship to some one closer to the airport problems.

HOSPITAL RECEIVES SECOND BOND GIFT

Administrator J. J. McGlade of Tahoe Forest Hospital has acknowledged the second annual donation to the hospital from Mr. and Mrs. Howard C. Baker of St. Helena, who have a summer home at Lake Tahoe.

The gift for the past two years has been 30 shares of Stauffer Chemical Company stock, currently valued at about \$35 a share.

Baker became acquainted with McGlade some time ago when the latter addressed a meeting at Tahoe. After discussing the operation of the hospital, the first gift was forthcoming and a second 30 shares arrived for a Christmas present.

FORMER TEACHER IS MOTHER OF NEW GIRL

Soda Springs friends learned of the arrival, January 5 of Judith Idaline, born at McClellan air base hospital at Sacramento to Sgt. and Mrs. Thomas Coughlin. The babe first weighed 7 pounds, 8¼ ounces.

Mrs. Coughlin is the former Donna Power who taught school at Donner Summit before her marriage.

EROSION JOB NEAR HERE IS COMPLETED

A \$22,500 repair project along Interstate 80 just west of Truckee has been completed by the contractor, E. H. Philip Smith, Inc., of Long Beach, according to state highway officials at the Marysville district office.

Heavy storms a year ago caused serious erosion at several points along Donner Creek threatening damage to the eastbound lanes and this work restored the bank.

James Brady of Arcata was resident engineer representing the state.

Ordinance Limits Speed of Boats At Prosser Reservoir

At the request of the Truckee Outdoor Sportsmen, who sponsored the project, the Nevada County Board of Supervisors at a meeting last week adopted an ordinance regulating the speed of boats on Prosser Lake.

The plan to control speed on the recently formed lake was supported by the Truckee Donner Chamber of Commerce, the Lions Club, the Rotary Club, Fire-Ettes, and a number of other local organizations and individuals. It was approved by the Forest Service which has jurisdiction over Prosser.

As the ordinance points out:

"The Board of Supervisors hereby finds and determines that because of the concentration of people in the Lake Tahoe-Truckee area and the rapidly increasing number of high powered boats, at least one body of water in this area should have a reduced speed limit for the safety and welfare of members of the public wishing to enjoy outdoor recreation activities such as fishing, swimming, row boating, canoeing and other related sports, without being endangered by speeding water craft."

The ordinance makes it unlawful on all of Prosser Lake for any person to operate any boat or aquaplane or any other water craft at a greater speed than 10 miles an hour.

In seeking the ordinance, the (Continued on Page 8)

Wolverines Victors In Stewart Contest

Tahoe Truckee's Wolverines continued their winning ways last Friday by trouncing the Stewart basketball team 69 to 53, while the Junior Varsity also won by a 44 to 32 score.

In the varsity game, Steve Besio was high point man, collecting 24 points, 17 of them coming in the first half. Butch Smith was second with 16 points.

This Saturday, weather permitting, the Wolverines will invade Del Oro with both teams.

The game scheduled with Wheatland Saturday was cancelled because of the storm.

SALES TAX FUND IS RETURNED TO CITIES

SACRAMENTO (CNS)—Nevada County and its cities received a total of \$99,474 from collections of the 1 per cent local sales and use tax during the fourth quarter of 1963, the state board of equalization reported, an increase of 20.3 per cent from a year earlier.

A total of \$59,870 was returned to the county for collections in unincorporated areas.

TAHOE SKI PATROL TO SPONSOR FIRST AID

TAHOE CITY—The Tahoe City Ski Patrol will provide instruction in American Red Cross Standard First Aid starting January 27 at 7:30 p. m. at the Tahoe Lake Elementary School at Tahoe City. Anyone interested in learning first aid is invited to attend as well as anyone who is interested in ski patrol work.

Adequate knowledge of first aid can be life saving knowledge. The only requirements for the class are interest and a green first aid manual or 75 cents to buy one.

The instructor will be Bo Holden, for further information contact him at JU 3-3349.

TONY KIELHOFFER IS PICTURED IN PAPER

Pfc. Anton M. Kielhofer, 22, son of Mr. and Mrs. Karl Kielhofer of Santa Rosa, is pictured in the San Diego Union showing what 11 weeks of physical training at the Marine Corps Recruit Depot at San Diego did for his shape.

He weighed 238 pounds when he arrived at the base and today tips the scales at 185. Tony has completed his boot training and qualified as an expert rifleman.

The Kielhofers are well known here and still spend their summers at their home on Donner Lake.

Officers Named As Fire Department Gets Fire-ette Aid

Edward Androus was re-elected chief of the Truckee Volunteer Fire Department at last week's meeting.

Other officers chosen were Joe Copeland, assistant chief; Gene Foster and Robert Tonini, captains; Charles Fink and Gene Stone, lieutenants; Ervin Waters, sergeant at arms and Roy Waters, secretary.

The department received a check from the Fire-Ettes for \$589.60, representing the profit from various functions during the last year. The money will go for equipment and already new two-way radios have been purchased.

Traffic Blocked In Bus, Truck Mishap

A series of motor vehicle accidents, most of which were blamed on the storm or road conditions, were reported by the California Highway Patrol.

One of the mishaps, involving a truck operated by Arthur L. Irwin, 53, Fremont and a Trailways bus driven by Bobby Ray Hood, 26, Concord, resulted in Highway 40 over Donner Summit, being closed from 1:30 a. m. until 11:30 a. m. Sunday.

The truck skidded, blocking the road on Donner grade. Hood believed he had sufficient room to pass, but hit the truck and snow plows and other traffic could not pass. By the time the obstructions were removed, traffic had backed up two miles and Patrolmen Dan Davis, Bud Meixner and William Gautsche combined efforts to clear the entanglement, in the blinding blizzard.

No one was injured.

Mary Belle Wagner, 27, Sacramento was cited for speeding after her car struck a truck from which the driver, Bobby J. Nixon, 35, of Dixon was removing skid chains near the Nevada state line Saturday at 6 p. m.

Cheryl Rose, 23, Vacaville, was hospitalized Saturday when a car driven by Anthony D. Rose, 25, struck a vehicle operated by Willard K. Hudson, 43, San Leandro, just east of Boca. Rose told the patrol he saw the stopped car, hit his brakes and skidded. He was cited for driving too fast for conditions.

Cars driven by Irven J. McMurry, 52, Greeley, Colorado and Marcel Aime Poulet, 37, San Carlos, skidded at Observation Point on Donner Summit Friday at 11:40 a. m. but no one was hurt.

FOUR BABIES BORN AT HOSPITAL HERE

Four babies were born at the Tahoe Forest Hospital during the past week.

Mr. and Mrs. William Files of Tahoe City welcomed Kenneth Mark, 6 pounds, 7¼ ounces on January 16.

Richard Sean, son of Mr. and Mrs. William Porter of Tahoe arrived January 17 and weighed 6 pounds, 11½ ounces.

Mary Lou were the names chosen for the daughter of Mr. and Mrs. Wallace E. Bryer of Truckee who was born January 16 and weighed 5 pounds, 4 ounces.

Also on January 16, Michael Darren, 7 pounds, 15½ ounces, was born to Mr. and Mrs. Joel Rumph of Loyalton.

CLAIRE GOODES ARE NOW GRANDPARENTS

Mr. and Mrs. Claire Goode of Woodland became grandparents for the first time, January 12, when their son and daughter in law, Mr. and Mrs. Denver Goode welcomed a daughter, born at Woodland. According to Mr. and Mrs. Ange Besio the little girl's weight was 6 pounds, 4 ounces on arrival but her given names were not immediately learned.

STUDENTS AID BONDS

Sierra College students last week donated \$300 to the campaign funds to help pass the March 3 college bond issue for six new buildings at the college campus, Faculty President John Creelman reported. Executive council members voted the funds and pledged their aid.

One Of Three Gets Life Sentence In Murder of Carlson

BULLETIN

Judge Vernon Stoll yesterday took under submission documentary evidence in the case of Roger M. Mealman and set January 28 at 10 o'clock for sentencing.

Robert L. Burns was sentenced yesterday to life imprisonment for his part in the slaying of State Highway Patrolman Glenn W. Carlson.

Clifford Toyce, the third member of the trio involved in the Carlson murder, is in serious condition in the county hospital and February 7 has been tentatively set for his sentencing.

Roger M. Mealman, 29, Marysville, who pleaded guilty last Thursday to the killing of Highway Patrolman Glenn W. Carlson, 33, Truckee, slashed his wrists in the county jail Friday in an apparent suicide attempt.

Mealman was scheduled to face the superior court yesterday when it was to have been decided whether he will face the death penalty or life imprisonment.

District Attorney Harold A. Berliner refused last Thursday to accept a conditional plea for Mealman. (Continued on Page 8)

Crash Victim Dies As Parent Arrives

A short time after her parents, Mr. and Mrs. Andre Viellard of Belfort, France, arrived at her bedside in Washoe Medical Center, Miss Marie Viellard, 20, critically injured in a traffic accident on the Squaw Valley road, died.

The parents flew in an eleven-hour effort to see their daughter alive and the plane was unable to make the schedule landing at Reno and was forced to continue to San Francisco.

The highway patrol reported Miss Viellard was struck by an auto as she walked on the road with a companion, Henri Baustallen, 23, Oakland, who was taken to Tahoe Forest Hospital. Miss Viellard was from Squaw Valley Lodge and had been in this country five months.

WOMEN'S AUXILIARY TO STAGE MARCH AT TAHOE TUESDAY

CRYSTAL BAY—The Women's Auxiliary of Post No. 7077, Veterans of Foreign Wars will conduct their Mother's March of Dimes on Tuesday, January 28.

Volunteers will meet at Crystal Bay Club at 6 p. m. to pick up canisters and everyone willing to assist in the important drive is asked to be on hand.

The area to be covered will be from Sandy Beach to Incline and home owners are asked to be on the watch for the volunteers and have their porch lights on, and dogs inside as some of the workers are afraid of them.

SNOW SURVEY MEN COMPLETE COURSES

SQUAW VALLEY—Seventy-two trainees wound up six days of schooling at the West Side Snow Survey Training Conference held here and concluding Friday. They will join 350 snow surveyors who have received basic instruction at previous conferences which are held every other year.

The 72 who completed the course were addressed at a banquet Friday by William E. Warner, director of the state department of water resources.

The next conference will be held at Big Mountain, Montana in January, 1966.

HEALTH CLINIC WILL BE HELD TOMORROW

The regular Nevada County Health Department clinic will be held Friday, January 24 at the Tahoe Truckee School Administration building. The hours will be from 12 noon until 1 p. m.

The Sabin vaccine will be available, according to Dr. Ray Wiser, public health officer.

Storm Leaves New Snow With Roads In Region Blocked

Heavy snow, whipped at times by gale winds, swept over the Sierra last Thursday and up until yesterday morning had deposited 55 inches of new snow in Truckee, more than 57 at Tahoe City and over 100 on Donner Summit.

Although the snow paralyzed highway traffic at times for several hours duration, no material damage was caused by the storm in this area. Driveways were blocked, television arials were damaged and similar occurrences were reported. A tree toppled across the electric line west of town but did not cause power failure.

The one power failure Monday night was attributed to trouble west of the summit.

The storm was one of the worst since 1952.

The U. S. Forest Service in Truckee reported the storm, starting Thursday left 55 inches of new snow with 4.74 inches of precipitation up to Wednesday morning. This brought the total for the month to 5.14 inches, compared to a January normal of 5.98.

The season total of 15.68 inches is still a bit short of the 16 inch normal. Last year at this time no precipitation was recorded during January.

Lake Level Up
The level of Lake Tahoe Wednesday was 6,226.11 compared to 6,225.93 this time last week and 6,223.52 on the same date last year.

Avalanches in both Squaw Valley and Alpine Meadows slides on Highway 40 along Donner grade were reported but no injuries or damage, other than road closures was done.

Highway 40 was closed several times from Lawton's just west of Reno to Baxter, the highway patrol reported.

Twenty-three inches of fresh snow fell Tuesday and Wednesday morning, taxing the facilities of the state and county crews which worked around the clock in an effort to keep traffic moving.

Funeral Held Today For Mrs. Rae Russo

Funeral services were being held today at 1 p. m. in the Truckee Colonial Mortuary for Mrs. Rae Frances Russo, 45, Kings Beach resident for the past six years, who expired at her home Sunday following a brief illness.

Mrs. Russo, whose husband, Angelo, operates a service station at Kings Beach, was a native of Minnesota, born December 18, 1918.

Besides her husband, the deceased is survived by a daughter, Janice Fulkerson of Morgan Hills and three sisters, Mrs. Phyllis Straubs and Mrs. Hilda Nettner, both of Duluth, Minn., and Mrs. Arta Stickney of San Pedro.

Rev. Sidney Smith of the Truckee Church of the Mountains, officiated and burial was in the Truckee cemetery.

YOUNG PEOPLE WILL HEAR SEX LECTURES

SQUAW VALLEY—The Youth Ministry of the United Church of Christ will sponsor the first in a series of meetings on the "Facts of Life for the Teen Ager," on Monday evening, January 27.

The group has invited James Brehler, men's counselor at the high school, to discuss the social implications of dating and sex.

On the following Monday evening, February 3, Dr. Gardiner Pier will discuss physical implications and then on the third Monday, February 11, Rev. Evans will talk on the spiritual implications of dating and sex. The meetings are open to all those of high school age and will be held in the converse room at 7:30 p. m.

Ellen Hubbard, specialist 4th, in the WACS, is home on a short leave visiting her parents, Mr. and Mrs. Lyle Hubbard, before leaving on an overseas assignment. She will spend the next two years in Frankfurt, Germany. Ellen was formerly a student at Tahoe Truckee High School and Sierra College.

Directors Refuses Company's Offer Buy Utility Here

An offer by Sierra Pacific Power Company to purchase the facilities of the Truckee Public Utility District for \$492,468 has been tentatively rejected by the board of directors of the district, but the door was left open for future negotiations.

The board expressed the opinion that with the recent REA loan, which will provide for modernizing and expanding local facilities, and supported by the consistent growth of the area served, that it would be unwise and inconsistent to dispose of the facilities at this time.

At the same time, according to Manager Francis Longo, the offer, made in good faith, was not flatly rejected as was the case several years ago when a similar bid was submitted by the company.

In replying to the offer, Longo wrote in part:

"First, they (the directors) do not feel they can accept your offer to purchase the district's facilities at the figure you propose. They do, however, wish to leave this open for further negotiations to present a revised proposal."

In their offer, officials of the company headed by Fred L. Fletcher, president, proposed \$150,000 for the water department, plus \$20,802 for inventory on June 30, 1963, and \$300,000, plus \$21,666 for materials and supplies at the close of the last fiscal year for the electric department.

The company advised although the board of directors has the right to sell the district's facilities, that the matter be put to a vote of the people after all details of the offer have been completely aired.

Rose Brothers Sell Store In Humboldt

Sale of the Westwood Village Market at Arcata, Humboldt County, was announced this week by Dave Rose, who has owned and operated the store for the past several years or since leaving Truckee where he originated and operated Rose Brothers Market, now the popular Z Markets.

Rose plans to return to Truckee where he will join his brother, Zeph, a partner and manager of the Truckee store. The brothers have plans for future development, but no announcements will be made immediately.

The firm also owns and operates the Greenville Z Market.

Sale of the Arcata store was to Ray Shears, well known Humboldt business man, who is expanding his holdings. The Westwood Market, to be known as Shears Super Market, is number five in the chain.

REA OFFICIALS HERE TO STUDY DISTRICT

Three officials of the Rural Electrification Administration have been making a concerted study of the plans by the Truckee Public Utility District for use of the \$367,000 loan recently granted to the district.

Harry Reising, western area representative of the REA from Portland, Oregon, has been going over the plans as has William J. Hauck, western area representative in the engineering branch who spent four days here checking the feasibility for the proposed new substation and power lines.

J. L. Dirnberger, another REA official, spent a week here studying the power supply problems of the district.

MONEY IN BUDGET TO SURVEY MARTIS JOB

A telegram from Congressman Harold T. (Bizz) Johnson yesterday revealed that President L. B. Johnson's budget includes \$120,000 for advanced engineering costs for the Martis Creek project.

This project has been in the planning stage for a number of years and will serve as flood control, although recreation facilities may also be provided.

SKI RACES DELAYED BY WEEKEND STORM

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) Governor Edmund G. Brown is sincere in his opposition to gambling, but his penchant for extending that opposition beyond the borders of his own state, namely into Nevada, may be hurting his chances for a bi-state park on the eastern shore of Lake Tahoe.

The Nevada legislature has been called in special session by Governor Grant Sawyer, of that state, to discuss the proposition of pur-

chasing a large amount of land on the eastern shore for the use of the people of both states.

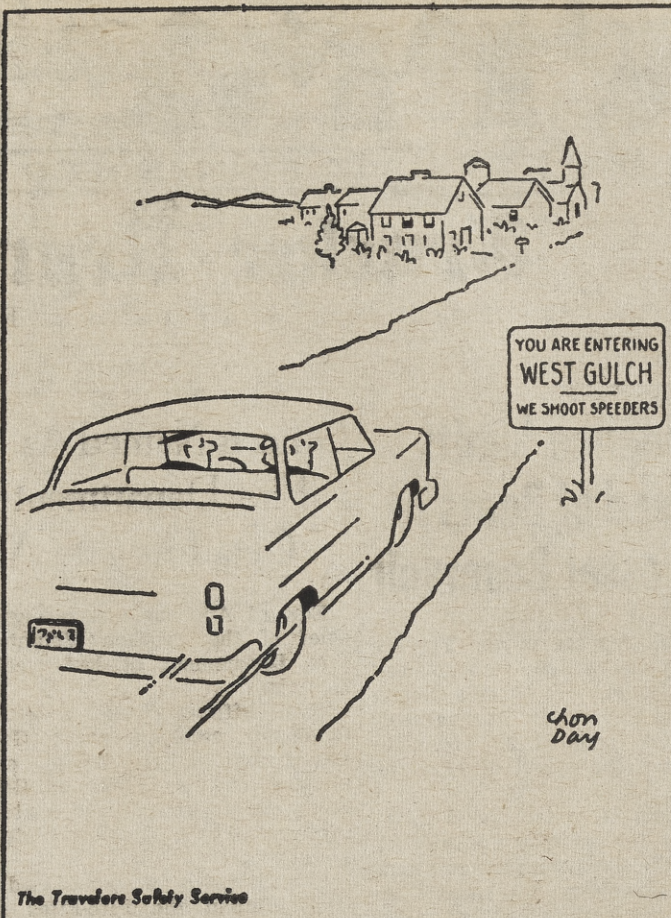

Only at its last regular session did the Nevada legislature turn down a similar proposition.

Governor Sawyer, who is anxious to have the park, will put it up to the legislature this way: either the state of Nevada goes it alone and has its own park, at a cost of about half a million dollars, or vote to go in with California.

At the regular Nevada session, one legislature said Gov. Brown wasn't helping the situation by criticizing the gambling establishments along the Nevada side of the lake.

But the governor hasn't stopped criticizing, as was evidenced in his last press conference. He said

Rushin' Roulette by Chon Day

The Travelers Safety Service

Speed caused more than 1,160,000 casualties in 1962.

Governor Sawyer had worked hard to get a bi-state park, but he felt he was unsuccessful because "the gamblers around Lake Tahoe are strong politically with the legislature of the state of Nevada, and one of these days, something's going to have to be done."

Governor Brown then described how he flew over the lake recently (in his half million dollar state airplane) and said the things that stood out were the neon lights of the south shore of Tahoe, and "it looked like Broadway in New York. And I think it's just terrible."

"I think that one of these days the people in Nevada are going to rise up in righteous revolt about what they're doing to Lake Tahoe (the gamblers), and I hope nothing I've said hurts Governor Sawyer in his efforts to bring about this state park."

"To have more big gambling joints on the shores of Lake Tahoe Nevada should do something about it, and I don't know what we can do. I have enough problems here without trying to run Nevada."

The governor admitted there are a lot of neon lights on the south shore of the lake that belong to California, but said, "they arise out of the gambling places on the south shore."

He also said he'd go to Nevada and address the legislature and address a "joint session at the risk of being escorted to the border" but said he hadn't been invited.

One of the biggest neon signs on the south shore is the hotel in which Governor Brown and Governor Sawyer met recently to discuss the problems of sewage disposal, a meeting at which Governor Sawyer's aides refused to allow California press representatives to attend a luncheon at which the program was discussed.

All the evidence in the problem, both park and sewage, now points to Governor Sawyer wanting a bi-state park, and a solution to the sewage problem, but with the help of California financially, this state to pay the biggest part of the price. It will be interesting to see how much Nevada squeezes the California taxpayers, both on the sewage disposal and on the bi-state park.

March of Dimes Plans to Double Birth Defects and Arthritis Centers

Announcing plans to double the present number of March of Dimes birth defects and arthritis centers in the nation, the world's most successful voluntary health organization this week launched its traditional January fund-raising appeal.

Basil O'Connor, president of The National Foundation-March of Dimes, which financed development of both polio vaccines, said the goal this year would be \$45 million, "a sum our medical and scientific advisers agree we can wisely use to combat the ravages of these crippling diseases. This sum would apply to patient care, research, professional and public education."

The March of Dimes now supports some 77 birth defects and arthritis treatment centers across the country. According to Dr. William S. Clark, director of the medical department of The National Foundation-March of Dimes, the national dimensions of the health problems posed by birth defects and arthritis "have grown to a point where this nation requires at least 100 centers for birth defects and 50 for arthritis."

Through the generosity of the American people, we will build up our chapter and center programs across the United States to meet their needs. Our offensive against both these crippling afflictions will be redoubled in 1964.

Leading in this offensive will be the members of the 3,000 March of Dimes chapters in the nation plus the volunteers they enlist—an expected army of two million people. The campaign continues throughout January and culminates with the Mothers' March during which some 15 million homes are visited from coast to coast. In addition, a total of 36 million "mailers" are distributed nationally to inform families of the health aims of the March of Dimes and they also serve as a means of returning contributions to local chapters. The herculean task of addressing these envelopes regionally is unselfishly assumed by volunteers—thousands of teenagers, homemakers, grandmothers.

Helping to dramatize the

Mary Lou Graves, the 1964 National March of Dimes Child

campaign will be the cross-country tour of winsome Mary Lou Graves, 5, of Flint, Mich., who was born with an open spine, since repaired, and who developed excess water on the brain, another birth defect which has now rectified itself. Mary Lou, however, is paralyzed in the legs but moves with surprising alacrity with leg braces, crutches and her wheel chair. In addition to vicious Mary Lou as the National March of Dimes Child, many states, counties and municipalities across the country designate their own March of Dimes Child symbolizing the aims of their local campaigns. In her travels this month, accompanied by her parents, Mary Lou is scheduled to call upon President Lyndon B. Johnson at the White House and has already visited with many Senators, Congressmen,

Governors and other high officials. The pretty five-year-old has "interviewed" the heads of such influential national organizations as the General Federation of Women's Clubs, the Elks, Rotary, Kiwanis and other service clubs including the American Legion, Veterans of Foreign Wars, Amvets, Catholic War Veterans, Jewish War Veterans and others.

An estimated total of 250,000 infants are born each year in the United States with serious birth defects. This is equivalent to one in 16 births, or 700 children a day. Of the quarter million total, more than 30,000 die, including stillbirths. As to arthritis, the other major health area in which the March of Dimes leads the attack, fully 11 million Americans are tormented by one or another form of this, the Nation's No. 1 crippling.

Back home again in Kings Beach after several months to Eagle River Alaska, are Gary and Ann Gunkel and children, Beth and Karen. The Gunkels had quite an experience during their stay in Alaska, one bad one when their trailer burned and they were glad to be back to their own home.

Gary will enter the dog sled races sponsored by the Greater North Lake Tahoe Chamber of Commerce, March 14 and 15. Gary

entered several races while in Alaska. Parents, Lyle and Adeline Gunkel, were very happy to have their son and family home again.

The Greater North Lake Tahoe Chamber of Commerce met today at the Crystal Bay Club at 10 a. m. according to Secretary-Manager Velda Farris.

Annette Grown and son, Peter, nine months old, escaped injury Tuesday when the car Annette was driving skidded on the way up the shortcut and turned up on its side. Velda Farris returning back to Kings Beach with passenger, Bethel Van Tassel, took Annette and baby son home. It was a frightening nerve shattering experience for Annette but fortunately neither she or the baby had a scratch.

The committee for the dog sled races met at the Greater North Lake Tahoe Chamber of Commerce Tuesday to formulate plans for the event to be held on Mt. Rose, March 14 and 15. Attending the meeting were Chuck and Ginny Emerich, Carlton Konarske, Eileen Wilen, Lyle Gunkel, Bob Molsberry, Fred Schultz and Bob Danner. The Optimist Club will again have charge of the refreshment stand.

The "Tahoe Scandals" will be presented by the Elks and Emblem Clubs, to benefit their building fund, the last two weekends in May. Pat Vanni of Tahoe City will produce the show, the place yet to be decided. John Trujillo of Tahoe City will be the business manager. The cast for the three act variety show is now being lined up. Fred Schultz is the exalted ruler of the Elks Club and Glenna Meixner is president of the Emblem Club.

corps. L. J. has many friends in the area having attended the local schools and resided in Kings Beach for several years. Brother, Craig, is a Truckee resident.

According to word received from Vigen, Switzerland, Jim Heuga of Tahoe City placed 11th in the giant slalom at the Lauberhorn tournament on Thursday. The American team placed three in the first ten the previous day.

The North Tahoe Fire Protection District had an early morning fire call last Thursday when a fire of undetermined origin burned a small frame home occupied by William Cash. Damage was estimated by Chief Joe Fulton at 40 per cent. Bonnie Momme of Kings Beach owns the building.

Chief Fulton and 15 volunteers fought the blaze in 20 degree temperature which froze water from hose lines. Following the fire, the company returned to the fire station where bacon, eggs, toast and coffee were served.

It is the policy of the chief to hold such gatherings after each fire so techniques used in combating a blaze may be discussed while the incidents are fresh in everyone's mind.

The Kings Beach Methodist Community Church will hold a church-wide school of missions on the first three Sunday evenings in February. The study book that will be used is "Our Mission Today" by Tracey K. Jones and Rev. William Marx will conduct the study.

On February 9, Rev. Leo Hamilton, district missionary secretary, from Grass Valley will be the speaker. There will be a potluck dinner at 6 p. m. on that evening. A film will be shown on one of the evenings.

This is the first school of missions at the church and the commission on missions hopes it will be successful.

How lucky can one be? From January 9 through 28, Rev. and Mrs. William Marx will be on vacation. A trip through the Mother Lode country and a visit to family and friends in San Francisco and the bay area will keep the Marx' busy and happy.

Another kidnap breakfast is being planned by the members of Lydia Circle. This time with no advance warning—those being kidnapped will go as is—curlers, kimono, cold cream—so it behooves members and friends to be up and ready. Take warning.

Lydia Circle met at the home of V. Ann Mandeville at Kings Beach with Pearl Draney presenting an interesting program on Southeast Asia.

The Circle has purchased a new portacrib for the nursery and

The one on top is a world famous legend.

The one below it is the same legend redesigned into an all new station wagon.

It has the deluxe interior appointments and comfortable ride of a fine passenger car . . . carries six big adults plus more luggage and equipment than you can imagine. It's powered by America's only automotive overhead cam engine, the high torque Tornado OHC . . . offers optional extras such as automatic transmission, independent front suspension, power steering and power brakes. But the all new Wagoneer is really a "Jeep" vehicle at heart.

The "Jeep" Wagoneer goes up steep hills, over rough rugged terrain and through snow and mud that leave other cars helpless. And around slippery turns that cause fishtailing and skidding, it hugs the road with traditional "Jeep" traction.

The big reason is 4-wheel "Drivepower."® All four wheels are power wheels instead of just two. Take a demonstration drive soon. You've never driven a car that can do the things this one can.

**AN ORDINANCE RESTRICTING THE SPEED LIMIT ON PROSSER CREEK LAKE**

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. The Board of Supervisors hereby finds and determines that because of the concentration of people in the Lake Tahoe-Truckee area and the rapidly increasing number of high powered speed boats, at least one body of water in this area should have a reduced speed limit for the safety and welfare of members of the public wishing to enjoy outdoor recreation activities such as fishing, swimming, row boating, canoeing and other related sports, without being endangered by speeding water craft.

Section 2. All of Prosser Creek Lake in the County of Nevada is hereby designated as an area of restricted speed, and it shall be unlawful for any person to operate any boat or aquaplane or any other water craft on said lake at a greater speed than ten (10) miles per hour.

Section 3. Appropriate speed restriction signs shall be erected and maintained to all entrances to Prosser Creek Lake and the speed

ley.  
The club will hold its January meeting on Monday the 27th, 12:30 p. m. at an ala carte luncheon at the Crystal Bay Club.

J. C. Jordan of Incline Village and Stan Parsons of Kings Beach are off to Nassau for winter employment.

"Lester" is the latest addition to Bill and Alice McDonald's motel in Kings Beach. He is an 8-foot, 1,000 pound snowman graced with egg carton buttons, a Tahitian hat, plastic ears, burnt toast eyes and a medal proclaiming him a first class hero. He is the work of art

of Mr. and Mrs. Ed Ahrens and daughters, Judy, and Sandy and son Donald and their friend, Doug Houston of Ross.

Ed and Bill have been friends since the third grade.  
Ted and Pearl Draney of Incline Beach spent a delightful week in the sunshine on the beach in Hawaii. Ted had to return home to business so Pearl stayed several days longer with summer resident of Crystal Bay, Vera Moser. Pearl returned home nicely suntanned to the first big snowstorm of the season.  
Vera sends Aloha to all her many friends via Pearl.

FALLOUT SHELTERS are explained by Stuart L. Pittman (left), Assistant Secretary of Defense for Civil Defense, during eight weeks of hearings on civil defense conducted this summer by Rep. F. Edward Hebert (right), and his Subcommittee No. 3 of the House Armed Services Committee. Following testimony by 108 witnesses, the subcommittee, and later the full House Armed Services Committee, strongly endorsed the proposed nationwide \$190.6 million fallout shelter program. The program has been authorized by the House of Representatives, and is awaiting Senate action now that committee hearings there have ended.

## U. S. Establishes New Emergency Broadcast Net

An imminent or actual attack on the United States would find the Nation better prepared than ever to get official information and survival instructions to the people through the Emergency Broadcast System (EBS) established by the Federal Communications Commission.

EBS allows selected AM radio stations to continue broadcasting on their normal frequencies and with regular power even after an attack emergency is

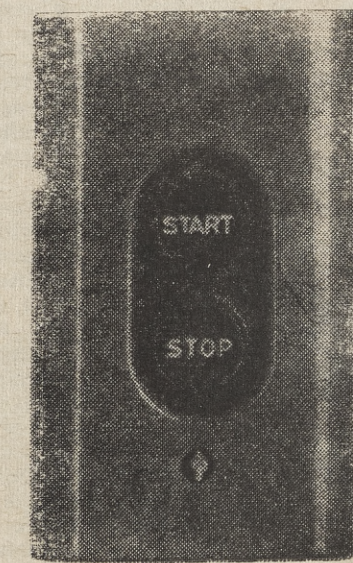

declared in order to get vital warning and survival information to the public. It would carry essential news and official information from the President and officials of Federal, State, and local governments.

EBS SUCCEEDED the old CONELRAD system on August 5 after the Department of Defense determined that the continued operation of the Nation's broadcasting stations no longer constituted a significant navigation aid to enemy bombers and missiles. The new EBS system permits stations to begin broadcasting emergency information almost instantly after an attack warning is received.

Stations not affiliated with EBS, and all FM and television stations, would go off the air. Some of these facilities will be incorporated into future refinements and extensions of EBS.  
To assure that vital emergency broadcasting is not interrupted by fallout sufficient to force evacuation of the stations, the Office of Civil Defense, Department of Defense, is providing fallout protection, emergency generators, and emergency radio program links to selected emergency broadcast stations.

## In an Emergency...

If there is a nuclear attack on the United States, or the imminent threat of one, tune your standard AM radio to your local stations at their normal places on the dial until you hear the one that is part of the Emergency Broadcast System. That station, which will identify itself by location but not by call letters, will be on the air with official information, news and instructions on things you and your family can do to survive. Be sure you are prepared for an emergency by getting a battery-operated radio and spare batteries.

You can do almost anything automatically these days—even save money

If you want to wash clothes or dishes, nowadays, you just put them in a machine... set it... and forget it.

If you want to save money you just join the Payroll Savings Plan. It's just as automatic. And there's no machine to buy.

To start, ask your employer to set aside a small amount from your check each payday and put it towards the purchase of a U. S. Savings Bond. Then forget it.

As paydays roll by, your savings build up. No effort. Since you don't even see the money you're saving, you hardly miss it. No pain.

Millions of Americans save money this way so you know it works. As well as providing for their own future, their Bond dollars help safeguard America by giving Uncle Sam financial strength to stand up to the enemies of freedom.

You like the things money buys. Why not use this automatic way to get them? Join Payroll Savings—or sign up for a Bond a month at your bank. Soon.

## Quick facts about Series E Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Keep freedom in your future with

### DOCTOR PLANNING HOSPITAL IN AREA

Dr. Edwin O. Hendrickson, local physician, has announced plans to build a private 12 bed hospital. He said the state department of health has recommended certain changes in preliminary plans submitted to it, but he feels a start on hospital construction probably could begin within two years. He estimated it would take five months to build a hospital.

Dr. Hendrickson, an orthopedic surgeon, said he plans a conference with doctors from the bay area who are interested in moving into the area.

He said the exact location of the proposed hospital has not been decided.

#### CEMETERY BOARD MEET

The meeting of the Truckee Cemetery Board will be called at the Veterans' Memorial Building on Monday, January 27 at 7 p. m. E. A. Parker is the president and Gloria Kutasi, secretary.

#### ORDINANCE (Continued from Page 1)

sportsmen called attention to the fact that speed boating is permissible at Donner Lake, Lake Tahoe, and Boca Reservoir as well as other nearby bodies of water, Prosser being the only one in the region which is restricted.

The new law goes into effect in 30 days and provides penalties for violation. The area will be posted and enforcement has been assured.

The ordinance was passed unanimously by all five members of the board after it was introduced by Chairman H. G. Loehr of Truckee on behalf of the sponsors.

#### ONE SENTENCED (Continued from Page 1)

man, leaving the matter of penalty to Judge Vernon Stoll.

Robert L. Burns, who also pleaded guilty to the murder charge, saw Mealman slash his wrist and called sheriff's deputies. The injured man was taken to the county hospital for treatment and deputies returned him to jail under a suicide guard.

Burns was permitted to plead guilty of murder with the understanding he would not receive a death sentence. Berliner pointed out it was Mealman who did the actual killing.

Clifford Toyce, who was with Mealman and Burns when Carlson was gunned down, is in the county hospital.

Mealman, Burns and Toyce were fleeing from a \$44,000 bank holdup in Sacramento when Carlson halted them near Donner Lake.

#### UTILITY OFFER (Continued from Page 1)

transcontinental Interstate Highway 80 and the Southern Pacific Railroad," the offer explained in reasons why the company wishes to make the purchase of both the water and electric department. "The community is in an excellent position to prosper and Sierra Pacific would like to be a part of the growth of the area."

"The close relationship of Truckee to facilities of Sierra Pacific will make possible many operating economies that would add to the efficiency of the utility system," it continued.

A suggestion that although controlled by the utilities commission, rates would remain the same or lower and that the company would pay \$19,000 in taxes, was given consideration by the directors. Utility employees, under terms of the offer, would retain their present positions or similar ones on salaries established by the company and with various fringe benefits.

### 1952 Storm Worse Than Current One

Unless the present storm continues in intensity, it will not near reach the records of January, 1952, when a 60-year mark was set.

On January 3, 1952, Truckee had a total of six feet on the ground with 14 feet at Donner Lake. Then on January 10, the "big storm" struck and lasted for five days without a break.

When the sun finally broke through, there were 10 feet of snow in Truckee, 14 feet at Tahoe City and over 20 feet at Donner Summit. Drifts measured up to 70 feet. The streamliner, City of San Francisco, was stalled for several days with 250 passengers near Emigrant Gap.

William Curran, who was with the forest service at the time, reported precipitation in Truckee at 30.20 inches, 16 inches over normal. Highway 40 over Donner was closed for 28 days.

### County Population Is Up During 1963

The population of Nevada County was estimated at 25,000 as of January 1 by California Taxpayers Association, it was announced this week by S. J. Arnold, the association's executive director.

During the calendar year of 1963 the county's population increased 1,600 or 6.8 per cent.

Placer County showed an even larger increase and was estimated at 71,400 on January 1 by the association. This was an increase of 5,900 or 9 per cent during the year.

Sierra County showed no change during the year and the population was estimated at 2,320 on January 1.

The total population of the state is estimated by the association to be 17,996,000 as of January 1, up 633,000 or 3.6 per cent from the 17,363,000 estimated for January 1, 1963 and 2,278,796 above the 15,717,204 found by the April 1, 1960 census.

Decreases occurred in only six counties and only two, Alpine and Sierra remained static.

### DAMAGE RESULTS AS FIRE HITS BEAR PEN

**SQUAW VALLEY** — Damage estimated at between \$1,500 and \$2,000 was caused in a second floor apartment at the Bear Pen Bar and Grill last Thursday afternoon.

The blaze started from a wall heater. Most of the damage resulted from smoke with minor water damage.

#### SNOWBOUND AREA

Mrs. Nina Slade called from Tahoma last night to report that between 75 and 100 residents of that area are snowbound and have been for the past five days. There are five feet of snow at Tahoma, she said, and no plows have arrived from El Dorado County.

#### To Alumni Meet—

Dr. Charles C. Cozzallo of Truckee and his brother Dr. A. A. Cozzallo of Reno are expected to attend the 68th annual scientific meeting of the University of California Dental Alumni Association January 26 and 27 at San Francisco.

#### CARD OF THANKS

### District, Nevada In Sewer Agreement

**TAHOE VISTA**—At a meeting last week, directors of the North Tahoe Public Utility District and district customers in Nevada agreed to jointly provide the needed expansion of sewage collection lines, treatment plant and other outgrowth facilities.

All problems between the district and the Nevada customers, including casinos and motel operators were aired and an agreement reached on all points.

Following the meeting, the district's consulting engineer, Paul Reimer, was authorized to prepare preliminary studies for upgrading the facilities which reach capacity each summer. The costs will be shared equally by the district and the Nevada interests.

The question of Incline Village disposal was brought up but Wallace White, director of environmental health in Nevada, when asked if that state would share with financial assistance, as suggested by Supervisor William Briner, said Incline Village is not producing sufficient sewage to be a problem and that when it does he will take care of the problem. Briner said he would hesitate to ask California for money if Nevada does not admit sewage is produced there and agree that export is necessary.

### DEADLINE NEARING FOR REGISTRATIONS

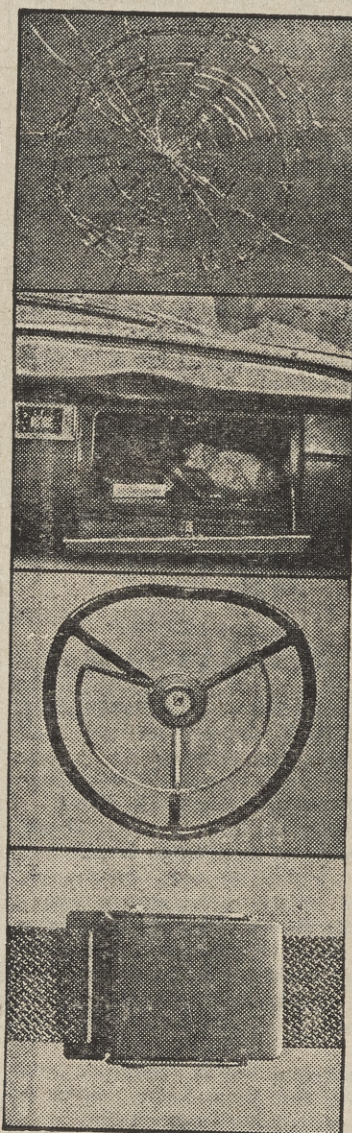

**SAN FRANCISCO**—C. W. Fullilove, District Director of the Immigration and Naturalization Service reminded aliens that Friday, January 31, is the deadline for filing address report forms as required under provisions of the 1952 Immigration and Nationality Act.

The immigration official urged aliens who have not yet filed their address reports to do so no later than January 31 to avoid possible penalties.

Failure to comply with the requirements can mean a fine, jail sentence and deportation for a willful violation.

#### Marriage License—

Walter A. Ross of Tahoe Vista and Susan Stager of Crystal Bay were issued a marriage license in Nevada.

### PEOPLE STOPPERS

When your car stops suddenly in a collision or emergency, the people inside keep going with tremendous force. What stops them? The windshield. Steering wheel. Dash. Too often with tragic results.

Or, seat belts stop people. Safely.

With a seat belt, when your car stops suddenly, you "stay put." You maintain a vital Margin of Safety between your body and serious injury.

The National Safety Council says that if everybody used seat belts, 5,000 lives could be saved a year ... serious injuries reduced by one third.

Protect your loved ones and yourself. Install seat belts throughout your car ... and buckle up for safety!

#### NATIVE EXPIRES

Funeral services were held last week in Mt. Shasta for Howard S. Glidden, 71, a native of Truckee, whose parents were early day residents of this community. He spent most of his adult life in Mt. Shasta where he was a self employed machinist and garage owner.

#### Go East—

Dr. R. L. Butler, with Mrs. Butler and children have left the Sage Hen area, going to State College, Pennsylvania.

#### SOCIAL SECURITY MAN HERE

A representative of the Reno social security office will be at the justice court in Truckee on Tuesday, January 28 between 9 and 10 a. m. to assist those who wish information regarding their social security. Art Johnson, the district manager announced.

#### At Pebble Beach—

Mr. and Mrs. Clarence Osburn were among the spectators at the Pebble Beach golf tournament last weekend.
